### **VOLTA NDC YOUTH WING APPLAUDS THE NDC LEADERSHIP FOR PROACTIVE AND DECISIVE STEPS TO STRENGTHEN THE NDC FRONT IN PARLIAMENT AHEAD OF THE 2024 GENERAL ELECTIONS.**

The Volta Regional Youth wing of the NDC salutes the leadership of the NDC for taking proactive and decisive steps to freshen and strengthened the NDC front in Parliament through leadership reshuffle.

Whilst we commend the Hon Johnson Asiedu Nketia led national leadership for the bold and decisive steps to make leadership changes in the house, we also celebrate Hon Haruna Iddrisu, Hon Dr James Klutsey Avedzi and Hon Muntaka Mubarak for their stellar performance as leaders of the NDC Bench in Parliament for the past six years.

The Volta NDC Youth wing also congratulates and warmly commends Hon Dr. Casley Ato Forson, Hon Kwame Govers Agbodza, Hon Ama Kofi Buah and the rest of the new leadership of our Minority Caucus in Parliament for the confidence reposed in them.

It is our utmost prayer and hope that the new leadership unites the NDC front in Parliament and brings new dynamism and energy to bear so as to build on the solid foundations laid by their predecessors.

As a youth wing, we are particularly proud of our former Chairman of Regional Youth Working Committee, Hon Kwame Govers Agbodza, MP for Adaklu who is now elevated to the post of Minority Chief Whip. Your integrity, commitment and fidelity to the cause of the NDC is not in doubt and we are confident that individually and collectively you will succeed.

We have absolute confidence in both the party and our parliamentary leadership and now call on the rank and file of the NDC including our MPs and their supporters, Party executives and

members across the strata, and all sympathizers of the NDC and all well-meaning Ghanaians to accept the new leadership changes effected in good faith and join hands with the new Minority Leadership in Parliament to hold this corrupt and criminal NPP administration to account even as we approach the decisive battle to rescue Ghana from the claws of tyranny in the 2024 must win elections.

End.
