About the 3i Africa Summit

The 3i Africa Summit, initiative jointly developed by the Bank of Ghana, the Monetary Authority of Singapore, Development Bank Ghana, and supported by Elevandi, aims to spearhead transformative discussions, address key growth and investment opportunities and explore how market players in the financial ecosystem are leapfrogging in digital transformation and pioneer the much-needed dialogues and actions to drive Africa's Fintech growth. This event will host a list of attendees, including various Heads of State, key policymakers, investors and leaders from the financial services sector across Africa and beyond.

The summit presents a platform for policy discourse, global alignment of intellectual resources, entrepreneurial endeavours, and investment networking.

It predominantly targets the African digital economic sector, including FinTech, with the intent of catalysing investments and fostering economic growth throughout the continent and fostering global partnerships for sustainable development.

Anchored on the theme 'Unleashing Africa's Fintech and Digital Economic Potential', the 3i Africa Summit will be hosted in Ghana from the 13th - 15th May 2024.
